- Attended 2-days workshop on ‘**International Matlab with Robotics Training**’, conducted by Acharyaji Technologies at KG Reddy college of Engg&Tech, 2015.
- Participated in Entrepreneurship Awareness workshop at KG Reddy college of Engg&Tech.

Projects:

Mini project:

Title : Wireless Home automation using Raspberry Pi.

Description: Internet of things is a technology of the future that has already started to touch our homes. Here we propose an IOT based home automation system using raspberry pi that automates home appliances and allows user to control them easily through internet from anywhere over the world.

Major project:

Title : Speaking system for Mute people using Raspberry Pi.

Description: It's very difficult for mute people to convey their message to regular people. Since regular people are not trained on hand sign language. In emergency when a mute person travelling communication with nearby people or conveying a message becomes very difficult. Here we propose a smart speaking system that help mute people in conveying their message to regular people using hand motions and gestures.

Strengths:

- Sincerity and Dedication
- Self-motivation and self confidence
- Pleasant nature and Positive attitude
- learning new things
